WHAT'S IT LIKE TO CELEBRATE ON THE WATER?

Your cruise experience will vary slightly based on your boat and the time of day, but here's generally what you can expect from your celebration.

1 ONE

GATHER YOUR CREW

Make sure everyone in your group receives their ticket before boarding. From there, we'll be glad to seat you all together.

2 TWO

BOARDING

Before boarding time, you can pick up your tickets at the booth near your boat. As you board, your group will have a chance to take a professional photo together. The prints will be available for purchase later in the cruise or at the end. Just like a restaurant, a hostess will greet you and take you to your table.

3 THREE

WELCOME

Settle in, meet your manager or server and get ready to set sail. If your cruise has a buffet, you can help yourself to the food at any time. If you're enjoying a plated menu your server will take your order. Let them know if you have any dietary restrictions or allergies. Your server will check back with you throughout the cruise.

4 FOUR

DINING

Whether it's a plated meal or buffet, lunch or dinner – you can count on attentive service and delicious food. Our menus are tailored to the season and designed to delight.

5 FIVE

ENJOY THE VIEWS

No need to stay stuck in your seat. Feel free to explore the ship at any time – especially the rooftop lounges and outdoor spaces. Sip on a cocktail while relaxing on the outdoor deck, or snap a photo with the city's skyline as your backdrop.

6 SIX

DANCE AWAY

Typically there's a DJ on each deck. Feel free to submit your song requests, and keep an ear open for the specialty dances.

7 SEVEN

SOMETHING SWEET

Finish off your cruise with a delicious dessert. Those celebrating with us are often treated to something extra sweet.

8 EIGHT

SEE YOU NEXT TIME!

Once the boat docks, no need to hurry off. Relax as you savor the last song, finish your dessert or get your boarding photo before our crew wishes you well.
