

# SEH WOW<sup>TALK</sup> SERIES

*presents*

**From Social Robots for Children to Therapeutic Robotic Assistance**  
Chung Hyuk Park, Biomedical Engineering

**Exploring the Hidden Microbial Diversity in Extreme Habitats**  
Jimmy Saw, Biology

**Why Do Protons and Neutrons Change Shape When We Put Them In Nuclei?!?**  
Axel Schmidt, Physics

**Weds, February 5, 2020 - 4:00 pm**  
**Science & Engineering Hall, B1220**

All are invited to the SEH WoW TALK (What's our Work) Seminar Series. These short talks (15 minutes each) are designed to introduce faculty and students to current and exciting research projects undertaken in labs in the SEH, to initiate discussion, collaborate, share expertise, and to promote research performed in the SEH and at GW.

Please bring your colleagues to join us and network with each other.  
Refreshments will be served.
